Limited edition design is hot. But can we really talk about design here? Or does it go beyond all limits of art? Some critics adopt a middle course in calling it 'designart'. *Design/Art, Limited Editions* deals with this phenomenon, as it presents itself today. In cooperation with international, specialised galleries, the publishers have composed an overview of the creations of more than seventy international designers. Opening with the conclusions of a vivid discussion between several curators and design critics — who obviously couldn't arrive at a uniform opinion on the subject — this publication aims to enrich your personal insight into the subject. Each copy of the book contains a serial number, perfectly reflecting the concept of limited edition design.
