SHALL WE EXPLORE THE WOODS?

This book is a great way to start! These pages present some animals that you can search for inside the puzzle, after discovering interesting facts about each one of them.

COME ON, LET'S START!

FOX
Did you know that there are several species of Foxes? The most widespread and well-known is the one with reddish fur and a white tip on its bushy tail.

WOLF
It's a majestic animal that lives in packs. Wolves communicate with each other through different types of howls.

SQUIRREL
This clever rodent hides its food in different places during the summer, in order to have the necessary supplies to face the long, cold winter!

Owl
It's a nocturnal bird. During the day it rests, while at night it hunts. It can rotate its head enough to look over its shoulder. It's hard to take it by surprise!
