Shoes are part of the basic equipment of our everyday wardrobe. They can be seen as a utilitarian necessity, or as a unique and joyful fashion accessory that influences the entire outfit and makes it a distinctive expression of personal style, be it vintage or avant-garde, elegant or edgy, minimalist or extravagant. In *It's All About Shoes*, street style photographer Suzanne Middlemass presents a colourful mix of fab and fantastic shoes that are worn on the asphalt catwalks of the fashion capitals of the world, including New York, Paris, Milan, London, Berlin, and Copenhagen. This revised edition includes interviews with renowned shoe designers and asks them about design inspiration and sustainability.

Suzanne Middlemass completed her Fine Arts degree in 2001, after which she worked as an assistant before enrolling on a Diploma course in photography at the renowned London College of Communication. Straight out of college she started working for magazines, and in 2011 she became a Glamour.com contributing Street Style photographer. Since then, she has been published in a number of high-profile publications, including *Company*, *Cosmopolitan*, *Elle*, *Grazia*, *GQ*, *Hearst publishing*, *Hello Fashion*, *LOOK!*, *The Guardian*, *Women's Health* and *British Vogue*, among others.

Today, Suzanne travels the globe shooting street style and goes backstage at international fashion week events for an array of universal brands and clients.
