- Presents 50 different ways to wear a beard

Men are wearing beards again. Whether in the form of a three-day growth, full beard, goat beard or moustache – the spectrum is very broad. Every now and then, men want to experiment with their beard growth. A beard can underline masculinity, let someone follow certain trends, or is simply a change for a period of time. Fantasy beards, like those Alicia shows in her book, such as the flower beard, or the one with whipped cream and flakes, are variations that one would love to present on Valentine's day to his/ her beloved. Last but not least there should always be a little grin, to make the topic of 'beards' not look too serious.
