Why go to far-off places?

CURVES went everywhere: Austria, Italy, France, Scotland, the USA, even Northern Germany... But what about Southern Germany? That's exactly where the next *CURVES* will take you. With lots of soulful driving and its right instinct for breath-taking views, for roads with a goose bump factor and for hospitable inns by the roadside, **CURVES** follows a route from Baden-Baden to Königssee. The first stage goes very closely past the headquarters of the best-known German sports car maker, but that's pure coincidence.

CURVES with Stefan Bogner on Southern Germany's most scenic roads For the new *CURVES* volume, photographer Stefan Bogner went in search of the top roads in Southern Germany and he found them: Fantastic views, endless curvy roads and gastronomic highlights make a very special guidebook. Buckle up!
