- A book to accompany a new photography exhibition that will tour the world for six months in 2019 in collaboration with Magnum Photos and 1854 Media
- A US exhibition featuring fifty images from the book to be held from November 2019 to January 2020 at the Louisiana State Museum in New Orleans, LA as part of the PhotoNOLA Festival

Following the success of their annual competition 'Portrait of Britain', 1854 Media have launched an exciting global project in collaboration with Magnum Photos. 'Portrait of Humanity' invites photographers of every level to capture the many faces of humanity; to document the universal expressions of life – laughter, courage, moments of reflection, journeys to work, first hellos, last goodbyes, and everything in between. The resulting photobook contains 200 images selected by a panel of experts from around the world that together create a unified, global portrait of humanity.
