- Beautiful new linen hardcover portrait book by Søren Rønholt
- Rock stars, movie stars and icons of the art world – photographed as you have never seen before

We love them. Rock stars, movie stars, icons of the art world. And we love pictures of them. Most portraits we see today document our abstract ideas of what's best and what's worst – in them and in ourselves. That's why they work. Portraiture as a means of artistic expression and human understanding remains important and vital.

It is certainly a great aspect of Søren Rønholt's work: the invisible dialogue between the people he portrays and himself is undeniable. The majority of his portrayed characters may be famous, but that's not the point. He uses every ounce of his empathy to create images of real people. Despite the clever, accentuating mood and strong, often monochromatic style – what he seeks is the truth behind the face.

**Søren Rønholt** (\*1969) lives and works as an artist and freelance portrait photographer in Copenhagen. After his successful *NORDIC BOOK* published in 2014, this is his second book with Seltmann Publishers.
