- Dedicated to the founding of the Cobra movement
- This book accompanies the exhibition We kiss the earth in the Cobra Museum of Modern Art, Amstelveen, running 20th October 2023 to 14th April 2024

The Danish artists participating in the Cobra movement (1948-1951) are 10 to 15 years older than their Dutch and Belgian colleagues. They experienced in the '30s and '40s an intense artistic development, which later unmistakably influenced Cobra and is thus of great importance for the Dutch postwar visual art. With the Danish triptych exhibition, the Cobra Museum of Modern Art opens the anniversary year 2023, which is dedicated to the founding of the Cobra movement – 75 years ago.

Text in English and Dutch.
